[Get to know the author]

Hi, my name is Del Pierson and I am a Sales Engineer here at XMA! I focus on the cryogenic and space industries, and it is my priority to provide you with fresh information on XMA's products and accomplishments. In my free time, I enjoy hiking the White Mountains, knitting and wake-boarding. I hope you'll stay connected with XMA through our social media channels and reach out with any questions. Any inquiries can be sent to me at mpierson@xmacorp.com.

Our SMP product line is the ideal solution for your high density, low volume needs. With mechanical options including barrel outer conductors, threaded bodies, or bulkhead frames, our SMP attenuators can fit any configuration, and our SMP termination is ready for any limited area application. Allowing more lines per area than standard products, we cannot recommend our SMP product line enough. Order them today to see the benefits for yourself!
