Hi, my name is Del Pierson and I am a Sales Engineer here at XMA! I focus on the cryogenic and space industries, and it is my priority to provide you with fresh information on XMA's products and accomplishments. In my free time, I enjoy hiking the White Mountains, knitting and wake-boarding. I hope you'll stay connected with XMA through our social media channels and reach out with any questions. Any inquiries can be sent to me at [mperson@xmacorp.com](mailto:mperson@xmacorp.com).

Our 50GHz product line is the perfect solution to your 5G needs. As the 5G industry develops, we are keeping pace with a variety of product options and industry leading VSWR values. These high frequency products contribute to telecom needs both in orbit and on the ground. Recently, they have been implemented in Konnect, a satellite delivering internet to various African countries. Many units of our product line are fully space qualified, while others are DFARs compliant. Inquire today!
