

WATT'S HAPPENING

APS March Meeting

- March 14-18
- McCormick Place, Chicago, IL
- Booth 428
- Highlighting Cryogenic Products for Quantum Computing
- Launching the new IR filter

Join us in Chicago for fun and physics! XMA is excited to be exhibiting at the APS March Meeting once again. Our booth highlights our commitment to cryogenics and our enthusiasm for quantum computing. It is complete with models and examples of our newest products, along with a fun daily challenge with big prizes to be won! Looking to connect? Feel free to email quantum@xmacorp.com to set up a meeting or visit us at booth 428 during the show.

For inquiries, please contact sales@xmacorp.com or call us at +1 (603) 222-2256
